

Shipping costs – May 2023

After the auction you will receive an invoice including shipping and packaging costs. Because of the large number of lots and buyers, this may take some time.

Below you find an overview of the shipping and packaging costs.

We ship with T&T and your parcel is insured for the hammer price. Note: couriers (worldwide) refund a maximum of 60% of the hammer price in case of damage or missing parcels.

In case you wish to use your own courier, we will make sure the parcel is ready for pick-up.

Zwiggelaar Auctions always assists customers regarding their shipment, but is not responsible for missing parcels or damage caused by a courier.

*The costs below are subject to change; if the shipment costs are higher than calculated below, we will inform and charge the additional amount to our client.
